Personalised Learning and Support Tool (PLASST) 2013 Trial

During the next few weeks our school, along with other public schools in the area, will be participating in the trial of a new tool (PLASST) being developed by the Department of Education and Communities for teachers to identify the learning and support needs of their students.

This trial is focussed on the development of a sound and reliable online tool that, when finalised, can be used by teachers in collaboration with parents and carers to identify the strengths and educational needs of students with additional learning and support needs. This information will assist schools in planning and personalising learning and support for individual students who require adjustments in their day to day learning.

The trial will involve teachers completing an online questionnaire about the educational needs of some of their students. Students themselves will not be required to complete any additional work or be formally assessed as part of the trial. This trial will not impact on students’ education provisions.

Further information about the PLASST trial, including the collection and use of data in the trial, will be provided by the school in a letter to parents and carers.

If you have any questions about the PLASST trial, would like to discuss your child’s involvement or would prefer that your child does not participate, please telephone the school on 4257 1744.

Telephone Interpreter Service    If you need help with English to make an enquiry contact the Telephone Interpreter Service on 131 450 and ask for an interpreter in your language. The operator will call the number you provide and get an interpreter on the line to assist you with your conversation. You will not be charged for this service.
